

7 March 1967

MEMORANDUM FOR: Committee on Overhead Reconnaissance

SUBJECT: Request to Produce Unclassified City
Maps, NVN/Laos, from TROJAN HORSE
and DAISY PhotographyREFERENCES: a. DIA XX-3A2 1596-67
b. OPCEN 5185
c. COMOR-D-34/42

CINCPAC request to utilize TROJAN HORSE and LAZY DAISY photography in the production of unclassified city maps (ref a) was referred to the SDWG for consideration on 2 March (ref b). The following is a draft to be considered at COMOR on 9 March and to be forwarded to the Board for noting:

"1. On 29 March 1965, COMOR was advised of Board concurrence in a CINCPAC request that the 1:50,000 scale maps covering North Vietnam and Laos be updated and the revised version be unclassified (ref c). The photography to be used in this revision was to be LUCKY DRAGON (TROJAN HORSE) and LAZY DAISY.

"2. CINCPAC now requests permission to use TROJAN HORSE and LAZY DAISY photography to produce unclassified city maps (1:12,500 normally but this may vary) and other large scale maps of North Vietnam and Laos. COMOR recognizes the need for such maps at the unclassified level where they can be of direct use to the United States and its allies and are pertinent to the area of hostilities.

"3. COMOR recommends that the Board approve CINCPAC's use of TROJAN HORSE and LAZY DAISY photography to produce city and town plans and certain other large scale maps at the unclassified level provided that:

a. Unclassified plans and large scale maps of Laos be limited to areas of that country which cover

lines of communications for North Vietnam infiltration to South Vietnam or are otherwise pertinent to the hostile actions of North Vietnam.

b. The city plans and large scale maps be controlled within CINCPAC Headquarters in accordance with standard DoD regulations for handling large scale mapping materials (DoD Regulation _____) and released only to such military echelons as have an established need-to-know. "
